

## Your Monthly News & Updates

How is it already APRIL?! Here are some things that have happened in March and some additional information/tips for your furry loved ones! We hope you enjoy!

### Very Sad News

It is with heavy heart that we announce the sudden passing of Terrence on Sunday, March 24th. As many of you know, Terrence was a CSR at Dogs and Cats Veterinary Referral and Emergency for over 4 years. He was incredibly loved in the DCVR community. I know many of you talked to him all the time over the phone or even asked about him to see how he was doing. He was incredibly loved by everyone. His personality, smile, laugh and wit is something that we all will always cherish. He truly was one of a kind and impacted each and every one of us.

Please consider helping out his loved ones through this difficult time as they navigate this tragedy and move forward in life without him. Donations will go directly to his mother to help with end of life costs and future expenses.

# EXTENDED HILLS PET FOOD RECALL

Hill's Pet Nutrition has ADDED canned dog food products due to potentially elevated levels of vitamin D to their recall list. For more information, please visit [HTTPS://WWW.HILLSPET.COM/PRODUCTLIST](https://www.hillspet.com/productlist).

## POISON PREVENTION WEEK

Poison prevention week was March 18-24. Are you aware what can be poisonous to your cat or dog?? [Click here](#) to view the top 10 common toxins seen in dogs and cats.

## St. Patrick's Day

We hope you all had a great St. Patty's day this year!! We received a lot of pictures from clients on our Facebook page of their dogs dressed up for the occasion!! Here is some of the fun we had here!!

## 3 Pet Food Label MYTHS

There are so many pet food options and choosing the right one for your pet is difficult. But here are 3 myths about pet food labels to help you narrow down your decision making:

**Myth 1:** Foods labeled "premium" or "gourmet" are always better for your pet.

**Myth 2:** The best food for your pet is one that lists real meat as the first ingredient.

**Myth 3:** The order of the ingredients is the most important factor in selecting your pet's diet.
